Some bright studio head decided that this country needed a fifty million dollar remake of the great film classic about the outlaw who steals from the rich and gives to the poor. This is unlike doings at the box office where poor movie-goers are robbed so studios can pay mediocre, temperamental, rich stars millions of dollars. Anyway, in this version, which misses the target, our hero doesn't sound British. His speech has a California twang, probably Berkeley, since he takes the politically correct side on all the social issues of the '90's. If you haven't guessed, we're talking about...

I am Maid Morion.

Do you do windows?

I am not that kind of maid.

I am AZOOM, the Moor, and I know what it must be like to be a white player in the NBA.

I'm Friar Yuck. I do the Lord's work, I operate a holy still. Hic!

I am the evil Gay of Brisbore.

That's Guy, you idiot. I am the sadistic Sheriff of Nuttingham. Today Nuttingham, tomorrow the world!

No, my pretties, I'm not the Wicked Witch of the West, I'm Morticia, the Sheriff's personal adviser.

I'm Little John. Oh, how I hate my name; it sounds like an outhouse for midgets!

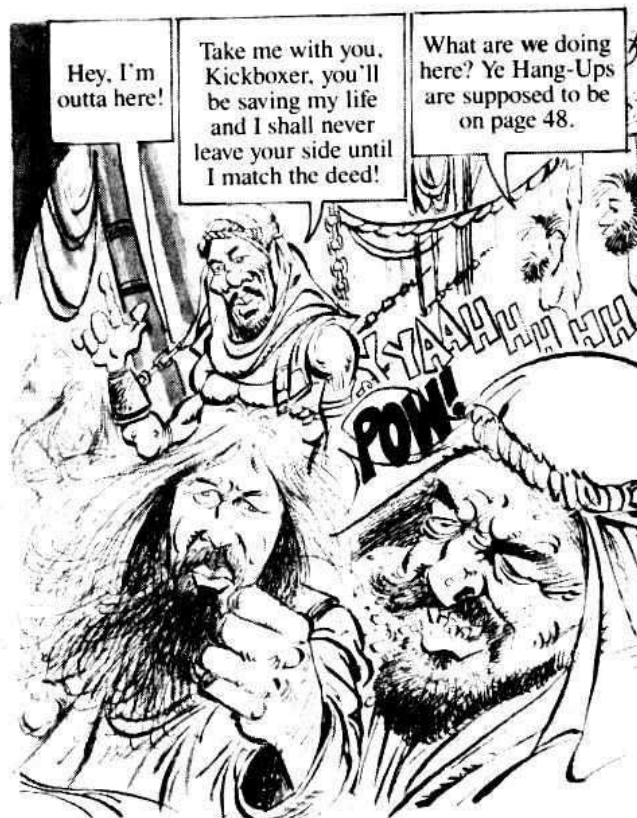

# ROBBING HOOD

## PRANCE OF THIEVES

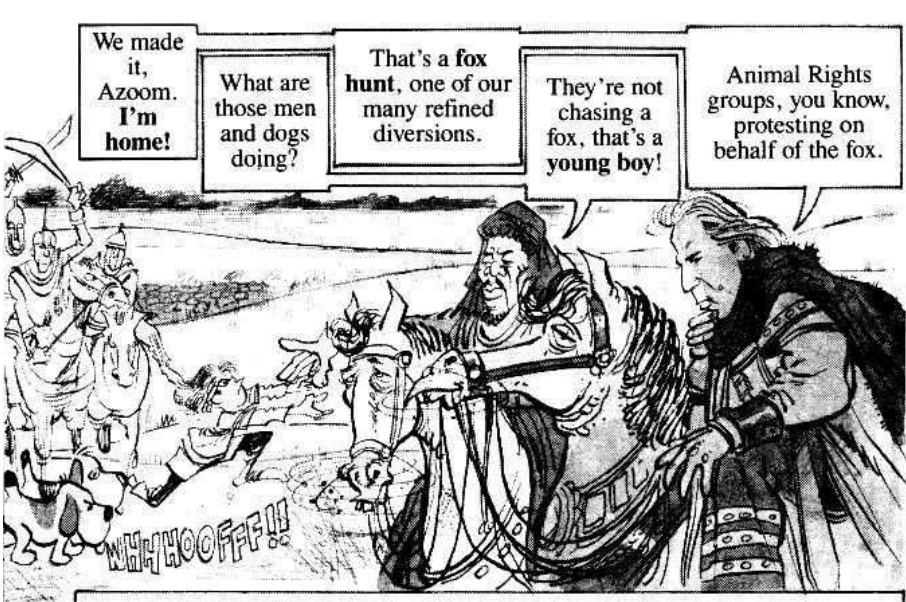

WRITER: LOU SILVERSTONE

ARTIST: WALTER BROGAN

We made it, Azoom. I'm home!

What are those men and dogs doing?

That's a fox hunt, one of our many refined diversions.

They're not chasing a fox, that's a young boy!

Animal Rights groups, you know, protesting on behalf of the fox.

WHOOFF!!

I am Robbing of Shlocksley. You're on my fief...

Land, you mean? Kill the twit!

Azoom, it's time for a payoff. You know, save my life!?

I will pray for you, infidel. Now I lay me down to sleep...

JOLLY OLDE ENGLAND, FOUR MONTHS LATER.

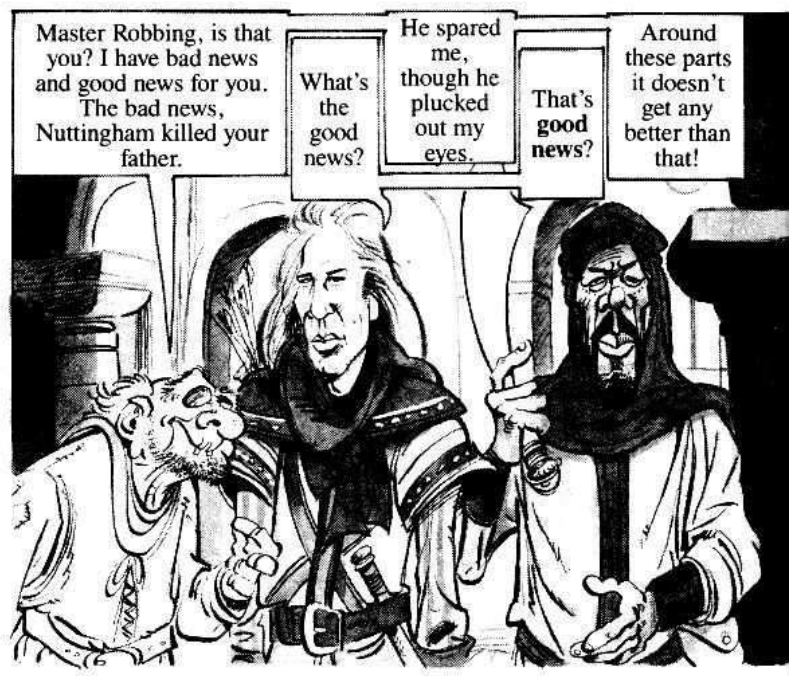

Tell Nottingham I will kill any of his scuzzballs that invade my domain...!

You'll pay for this, Shlocksley!

Azoom, where did the lad go?

He stole your belongings and fled!

It's great to be back in a civilized kingdom!

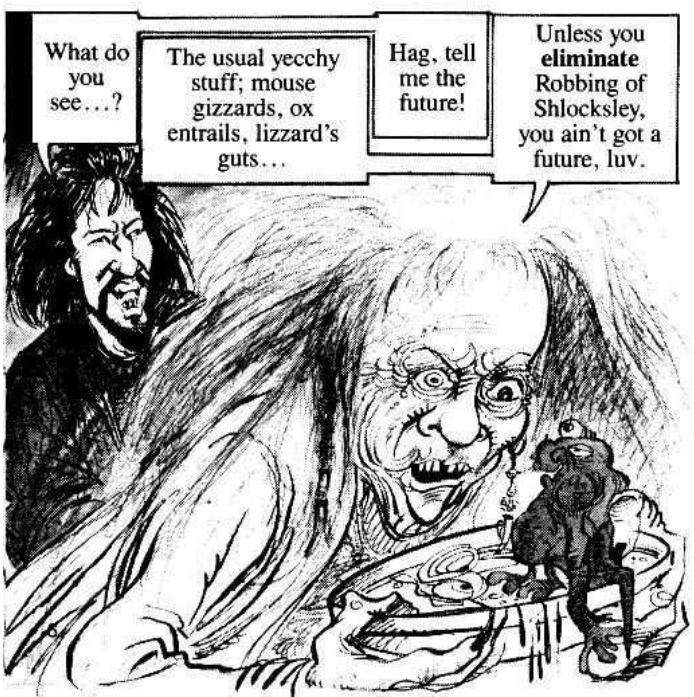

Master Robbing, is that you? I have bad news and good news for you. The bad news, Nottingham killed your father.

What's the good news?

He spared me, though he plucked out my eyes.

That's good news?

Around these parts it doesn't get any better than that!

What do you see...?

The usual yecchy stuff; mouse gizzards, ox entrails, lizzard's guts...

Hag, tell me the future!

Unless you eliminate Robbing of Shlocksley, you ain't got a future, luv.

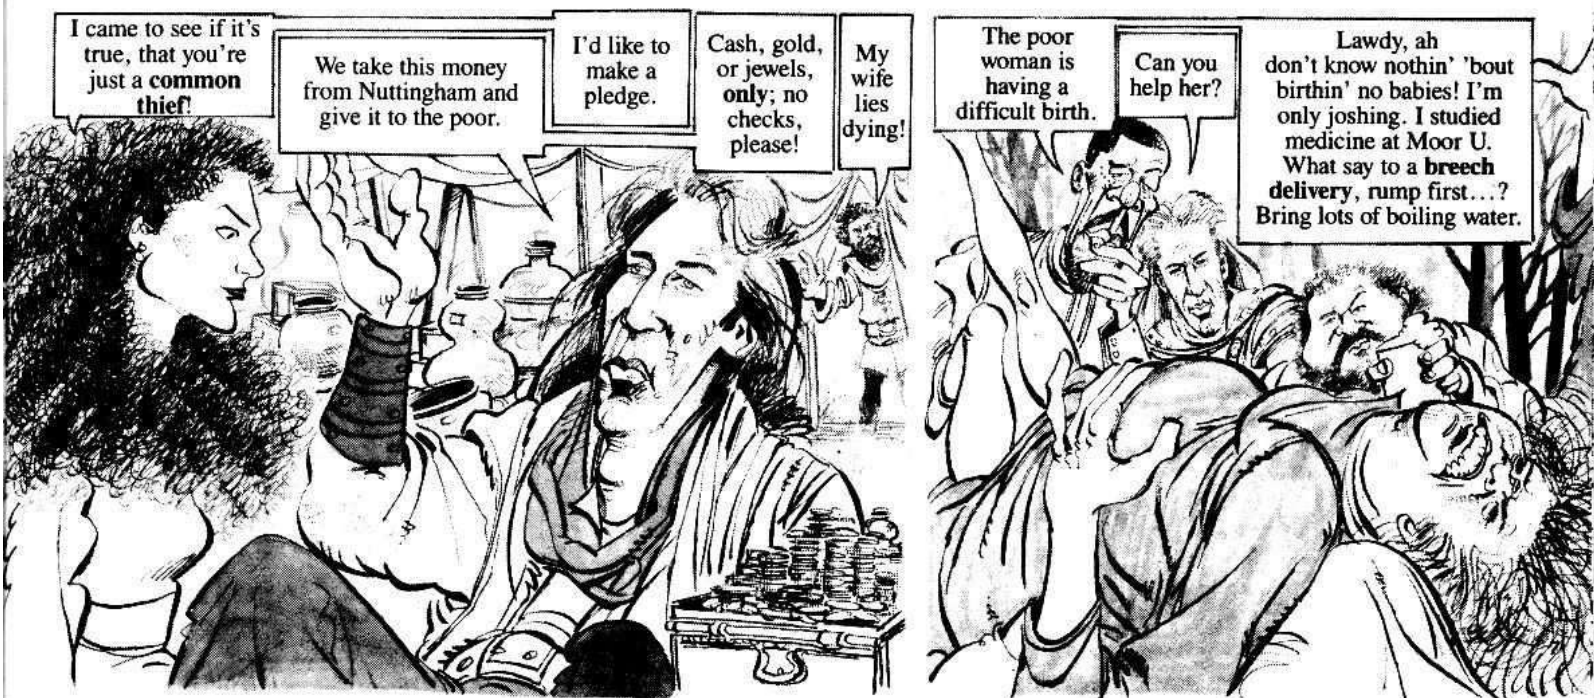

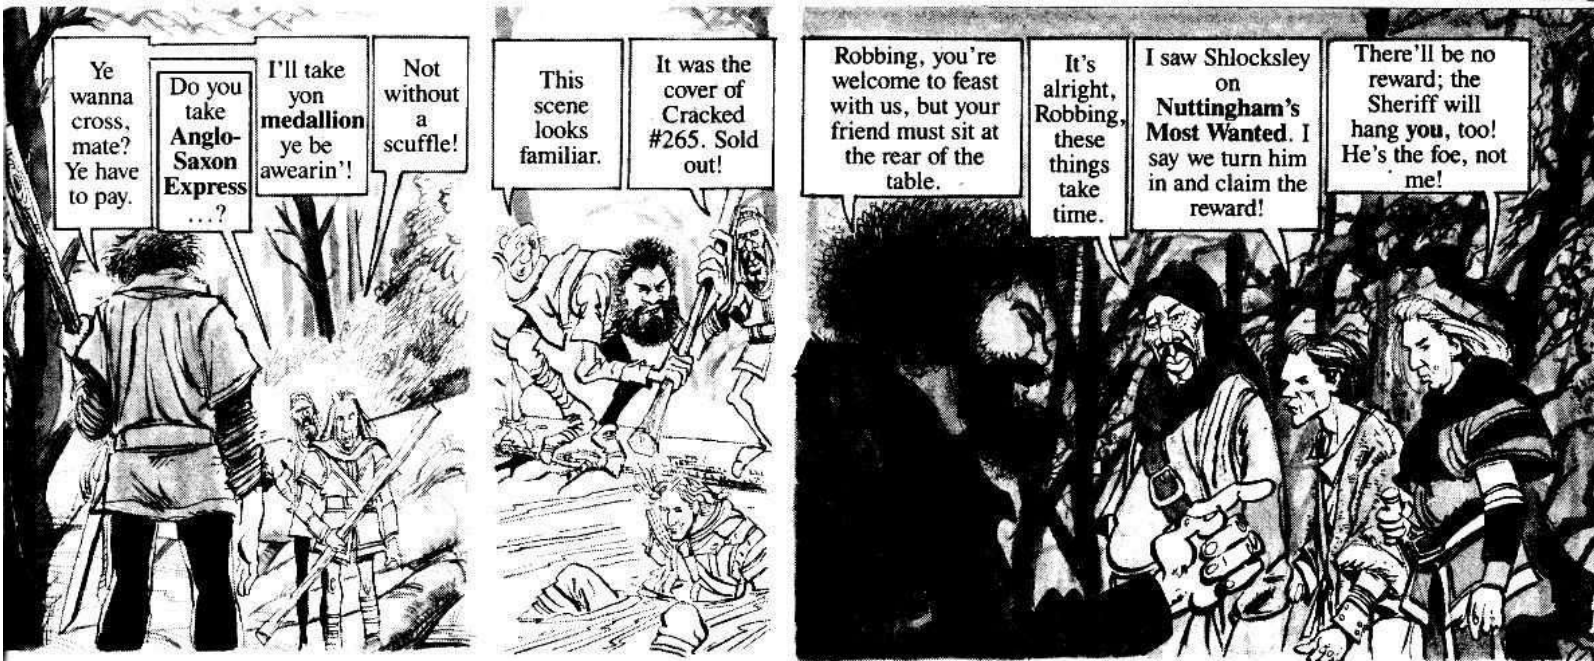

I'm Robbing of Shlocksley, here to see Maid Morion. I promised her brother I would protect her. Oooof!

I'm Morion and as you see, I don't need your protection. I'm a black belt!

My unenlightened friend, she is what is known as a liberated woman. Of course, she's years ahead of her time!

We'd better flee! I hear horses, it must be Nottingham!!

Splendid job for a barbarian! Join me in a drink, friend.

I am not permitted to drink.

I'll drink for both of us. I love this job!

Robbing Hood is making a fool of me, he steals my gold, throws parties and I'm never invited. It's your fault, Brisbane!

What's a sheriff to do?

The solution is simple; bring in hired killers.

Of course, I'll send for the Don Corleone gang!

YAAAAHHHHH!!!

Great balls of fire, Robbing, they're burning us out!

I did it!

You killed their leader?

No, I split those two arrows in the target.

I'm making them an offer they can't refuse.

Shlocksley has been killed, his men captured. Unless you agree to marry me, I will personally hang all the outlaw's children.

You really know how to sweep a girl off her feet. I mean, talk about your romantic proposals!

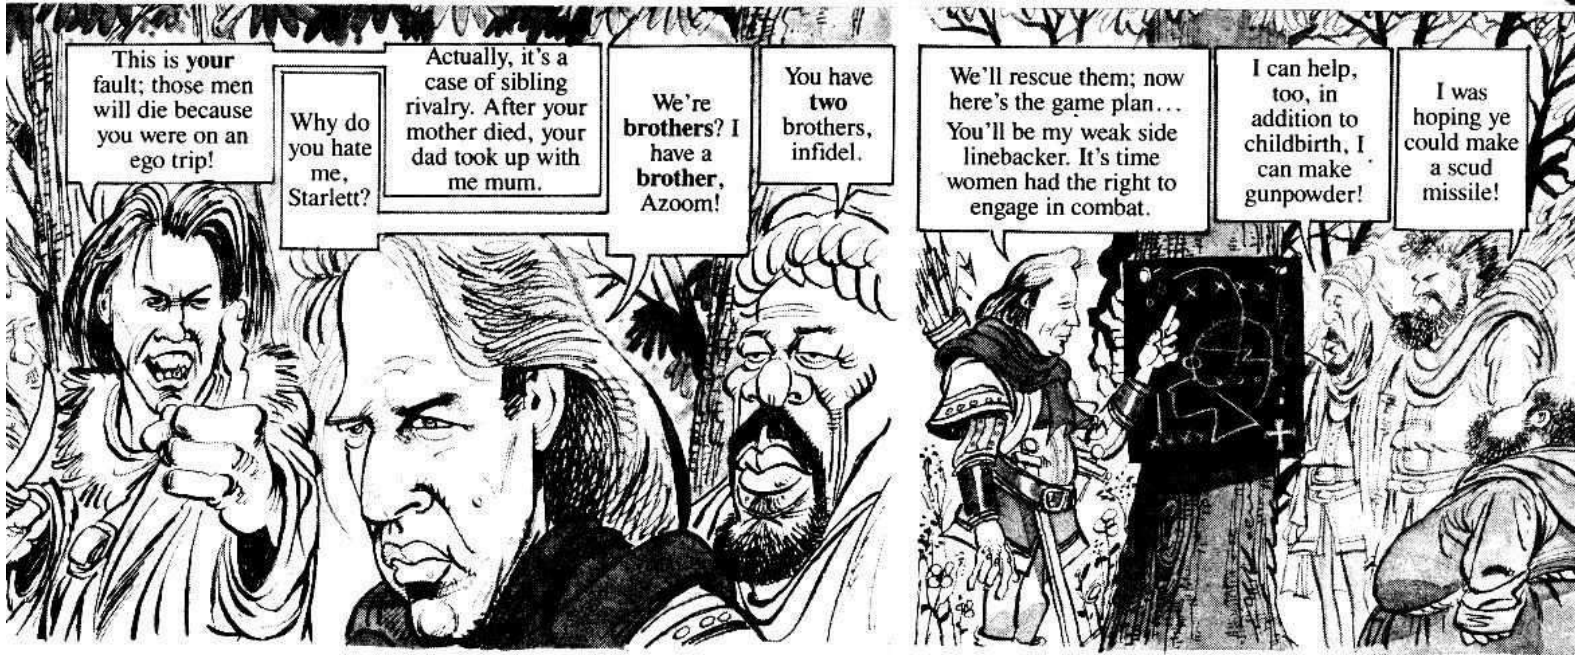

Yes, I do have a way with words.

I bring a message from Nottingham. Tomorrow, he hangs twelve of our men to celebrate his wedding to Maid Morion.

Twelve hangings, that's some fancy affair!

Aye, when Donald of Trump got married, only ten were hung.

Do you, Nuttingham, take this woman?

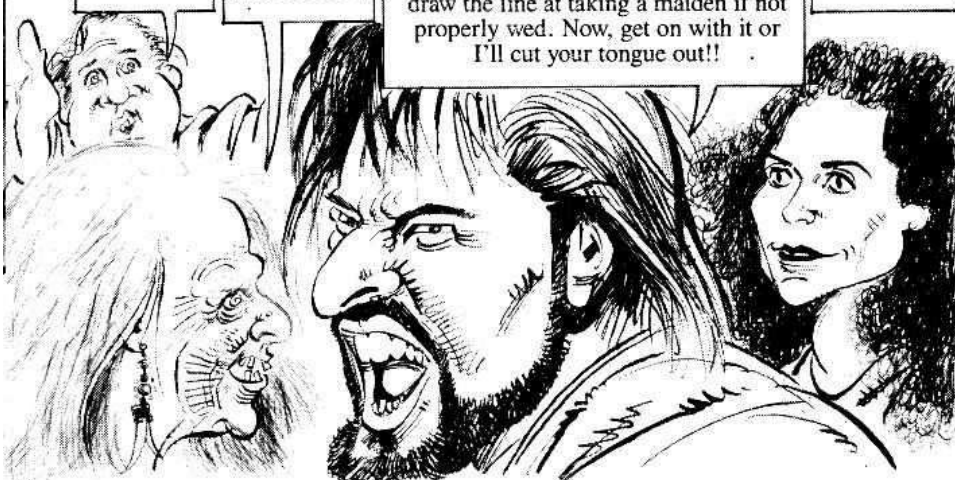

Never mind the ceremony, take her now!

What kind of man do you think I am? Sure, I kill and torture people for amusement. I rob and pillage but I draw the line at taking a maiden if not properly wed. Now, get on with it or I'll cut your tongue out!!

I pronounce you man and wife.

It's legal, now for the honeymoon!

This is a honeymoon? I didn't expect Niagara Falls but I thought we'd go to Howard Johnson's or Motel Six. Robbing...! THANK GOD!!

Surf's up! I mean, game's up, Nuttingham!

Shlocksley, you are going to die by your father's sword!

I'm a widow, I wonder if that creep had insurance...?

It's King Richard the Lionhearted! Your Highness, what was the crusades all about?

I wanted to teach you barbarians to live like civilized Englishmen.

In the Tower of London you cut off heads!

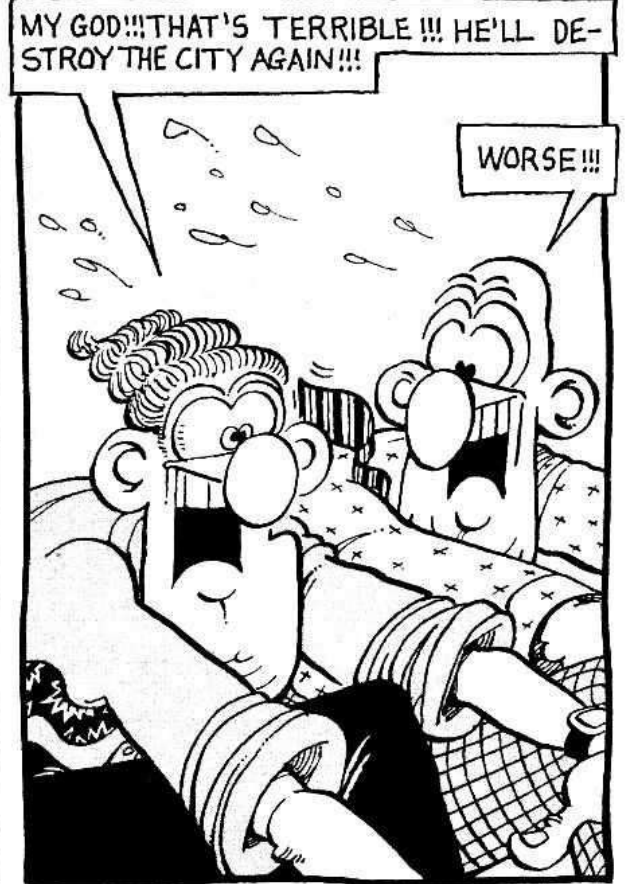

Ah, yes, but what's a chap to do if his wife won't give him a divorce?

You Dork! You were sworn to save my life... not ruin it!

You may have a divorce any time, Robbing, thanks to this pre-nuptial agreement Azoom drew up. I get everything you own!

# CRACKED'S PLAN FOR CONVERTING WEAPONS FOR CIVILIAN USE

WRITER: FRED SAHNER

ARTIST: JOHN SEVERIN

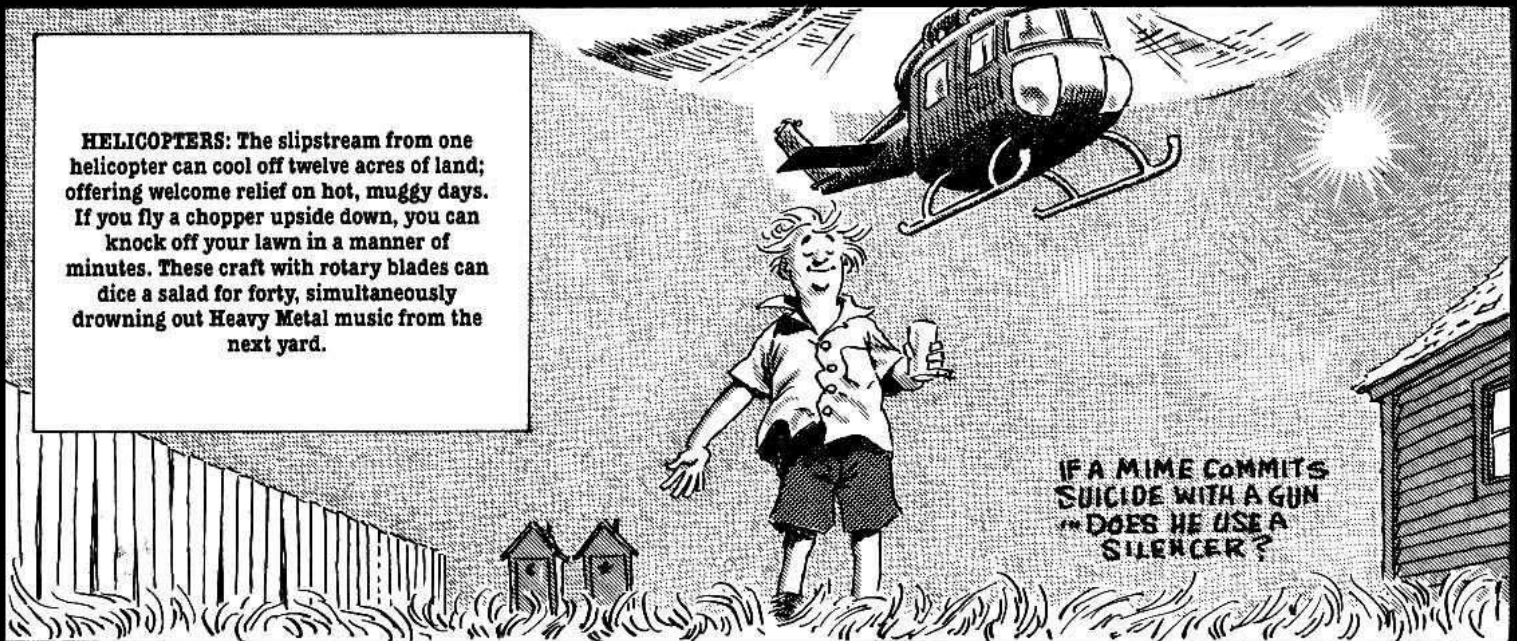

**THE AIRCRAFT CARRIER:** Can be modified into floating football fields. By sailing the playing surface into foreign ports, we can introduce football to worrisome nations, keeping them peacefully preoccupied. Spectators should be warned there will be "No Tailgating" after the game.

BEFO'

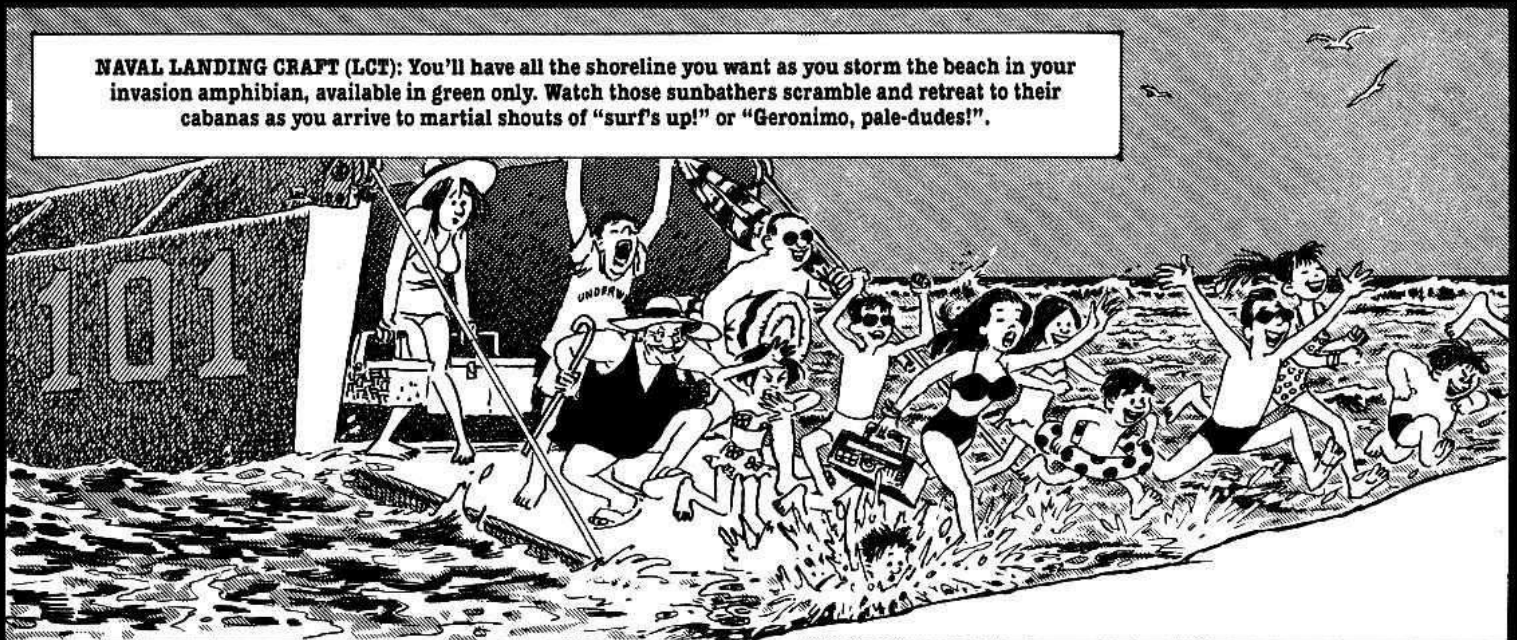

**HELICOPTERS:** The slipstream from one helicopter can cool off twelve acres of land; offering welcome relief on hot, muggy days. If you fly a chopper upside down, you can knock off your lawn in a manner of minutes. These craft with rotary blades can dice a salad for forty, simultaneously drowning out Heavy Metal music from the next yard.

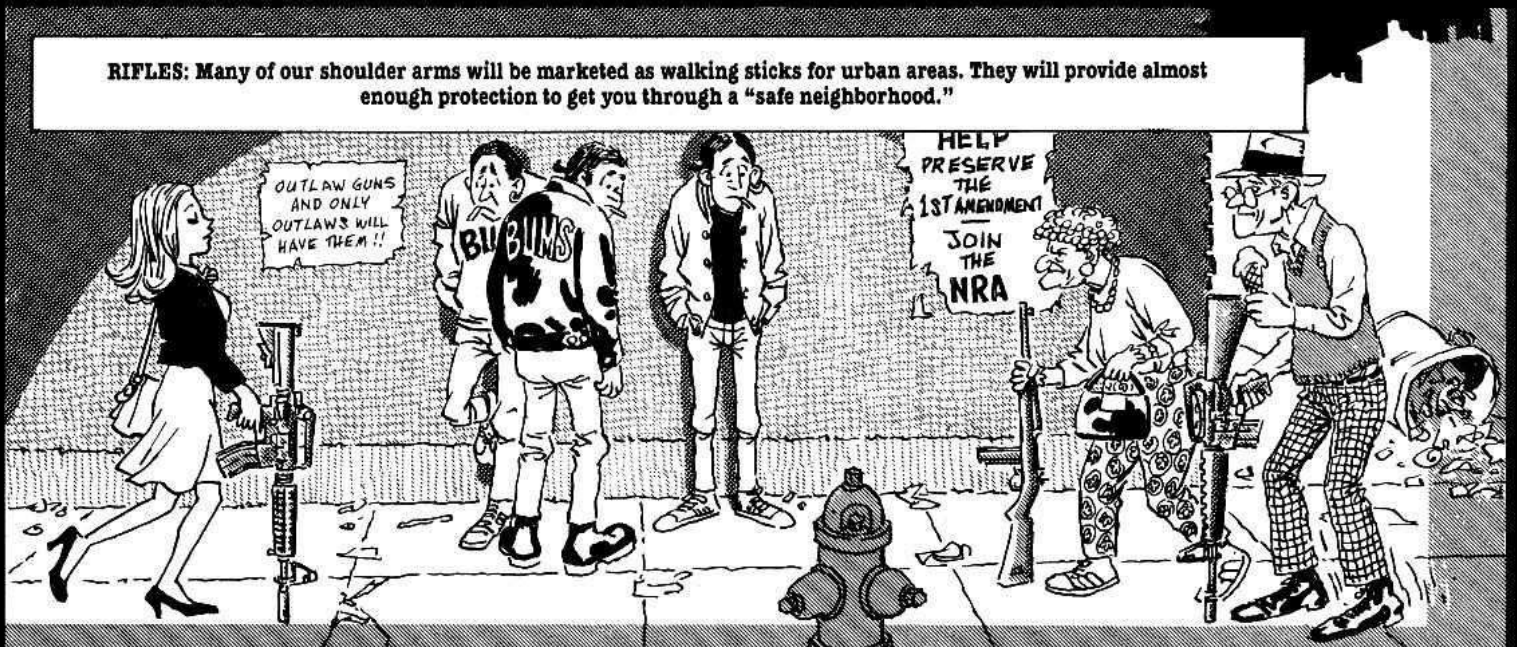

IF A MIME COMMITS  
SUICIDE WITH A GUN  
\*\* DOES HE USE A  
SILENCER?

**NAVAL LANDING CRAFT (LCT):** You'll have all the shoreline you want as you storm the beach in your invasion amphibian, available in green only. Watch those sunbathers scramble and retreat to their cabanas as you arrive to martial shouts of "surf's up!" or "Geronimo, pale-dudes!"

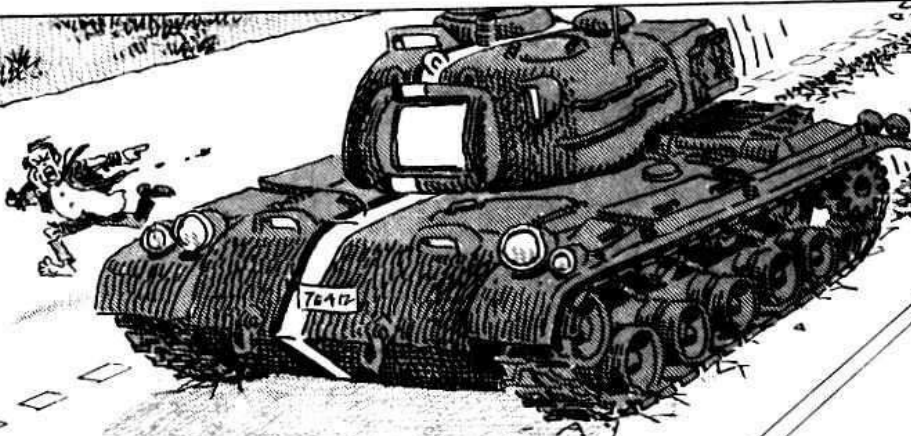

**RIFLES:** Many of our shoulder arms will be marketed as walking sticks for urban areas. They will provide almost enough protection to get you through a "safe neighborhood."

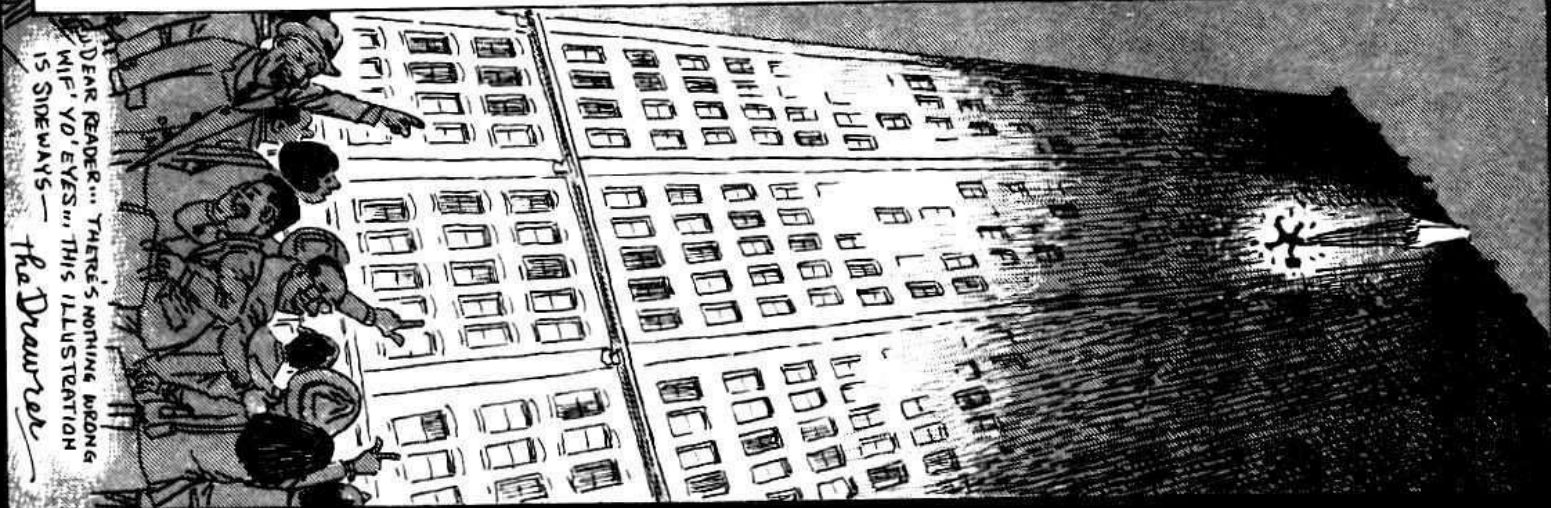

**TANKS:** No more being Mr. Nice Guy on the open road as you are now armor-plated and can create your own highway. The combat vehicles are replete with special features; racing stripes, radar detector, tinted windows, and sky-view hatch. Park in No Parking tow-away zones. Who's going to tow-away a tank...?

**PARACHUTES:** Harried businessmen will want to buy several parachutes which are terrific for avoiding those long airport delays. What an impression you'll make as you glide down to your client's parking lot, or come sailing through his office window.

**MISSILES:** Imagine how safe you'll feel with a Minuteman missile displayed on your front lawn! How many burglars do you think will try their luck at your house? In fact, not many people of any kind will be coming around your place. The deluxe model comes with its own warhead attached, ready to settle any neighborhood dispute in your favor.

YOU NEVER LISTEN TO ME...  
'JOE', I SAID, 'DON'T PUT THAT  
MISSILE IN THE FRONT YARD.'

# WRESTLING HYPE FOR BORING SPORTS

WRITER: BILL IGNIZIO

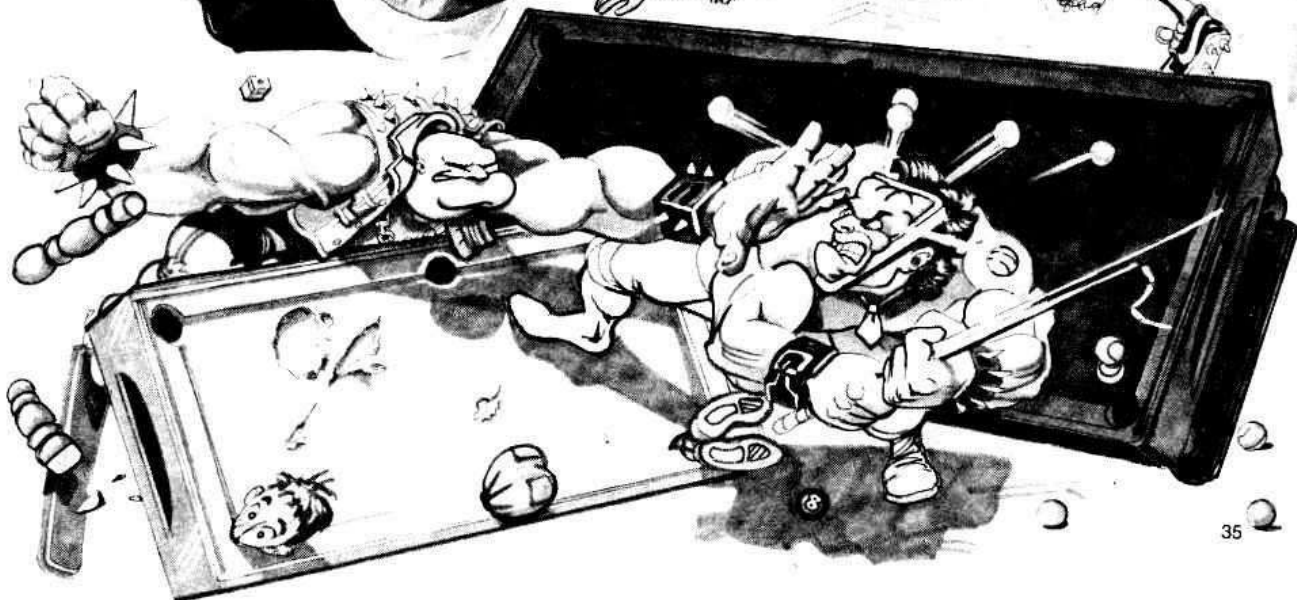

ARTIST: RURIK TYLER

**STEEL CAGE BASEBALL**—Imagine the excitement of watching the Oakland A's challenge the New York Yankees in an 8-foot high steel cage.

**BODY SLAM BILLIARDS**—Instead of breaking the balls using a cue stick, one player tries to break the other.

**BEAR-HUG BASKETBALL**—The current defensive practice is waving a hand in your opponent's face. In this new high-impact version, anything goes to stop the opposition from scoring.

**DROP-KICK BADMINTON**—With rackets strapped to their feet, players drop-kick the shuttlecock over the net. Play takes place only on concrete courts. These rule changes are bound to erase the sport's wimpy image.

**TITAN TIDDLY WINKS**—Long considered a sissy sport, tiddlywinks is instantly transformed into a macho pastime as overmuscled athletes play the game with manhole covers.

**FLYING ELBOW FISHING**—Anybody can catch bass with hook-festooned lures. In this altered event, tournament anglers sneak up on fish and subdue them any way they can!

Rank  
Filex  
77

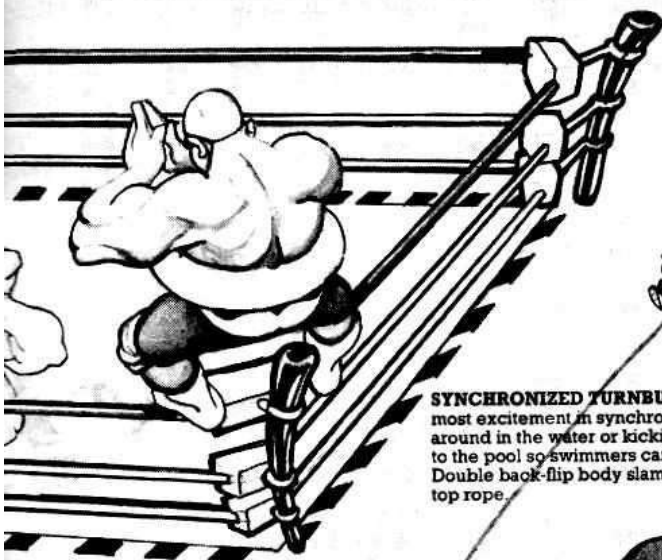

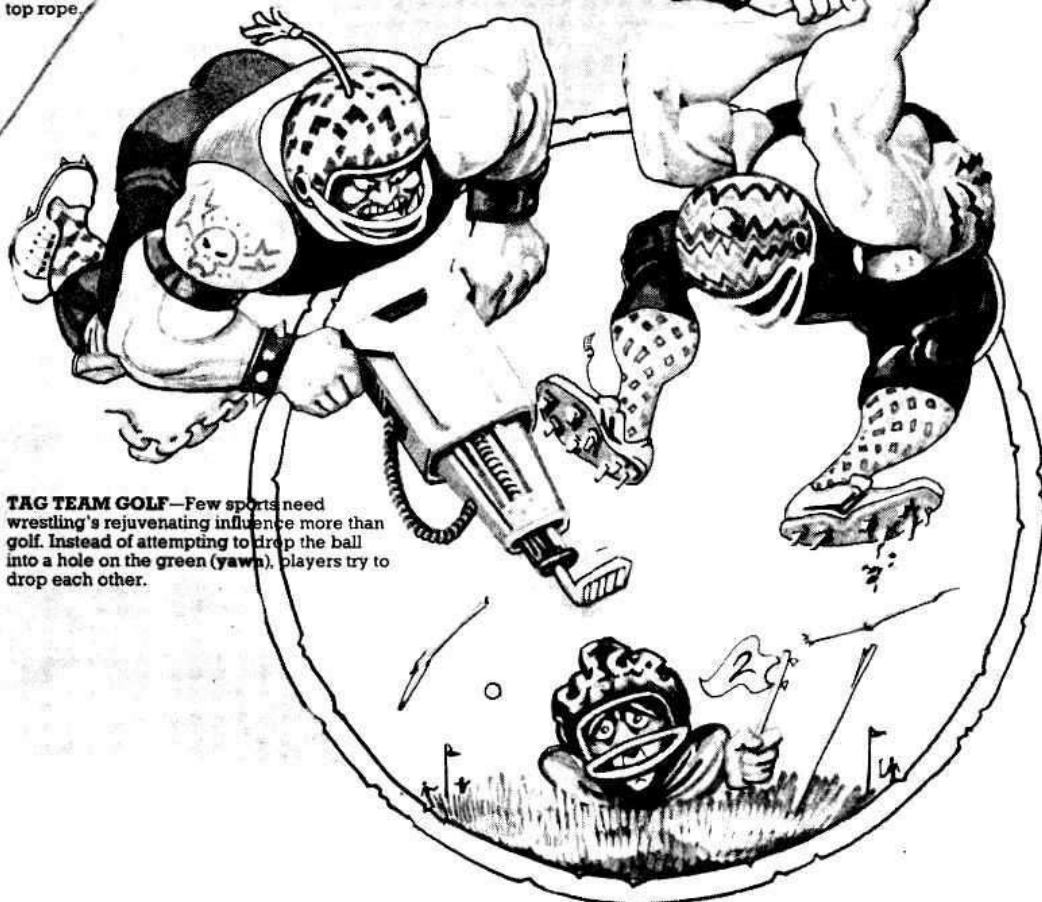

**CHESS BATTLE ROYALE**—To bring intrigue to an otherwise sleep-inducing activity, chessmasters act as managers for teams of wrestlers. Players are captured via forearm blows, teeholds and airplane spins.

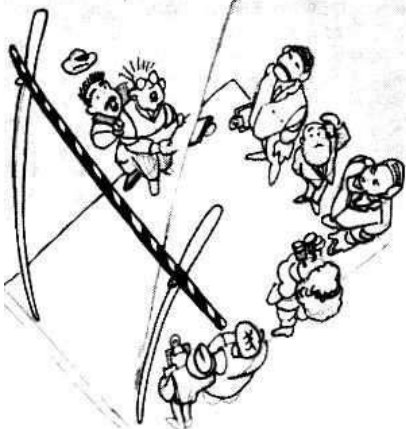

**STRAP MATCH POLE VAULT**—Pole vaulters, linked at the wrists by leather straps, jump in unison. Everything is legal.

**SYNCHRONIZED TURNBUCKLE SWIMMING**—Up to now, the most excitement in synchronized swimming has been twirling around in the water or kicking up a foot. Ropes will be added to the pool so swimmers can Irish whip one another into them. Double back-flip body slams may also be executed off the top rope.

**TAG TEAM GOLF**—Few sports need wrestling's rejuvenating influence more than golf. Instead of attempting to drop the ball into a hole on the green (yawn), players try to drop each other.

One of the summer blockbusters is about firemen. In fact, the script was written by a former firefighter. Unfortunately, he's more familiar with back drafts than script drafts. We strongly recommend he rejoin the Fire Department before he writes another...

# HACKDRAFT

1971

Hi, kid, why so sad, did your favorite toy get burned up in the fire?

This should make a great cover story for THE SUN.

What do you want to be when you grow up?

No, it was my Dad; this is all that's left. Oops, sorry, Dad.

The same as any kid would want to be who just saw his father killed in a fire.

An accountant?

They don't make movies about accountants. What would they call it... Bankdraft? I wanna be a fireman.

20 YEARS LATER

Jammifer, I got a new job, see my axe?

You're a lumberjack?

I have a hose, too.

You work in a car wash?

No, I'm a fireman, I just graduated from the Academy.

I have a new job, too. I'm working for Alderman Swayback.

But he's a crooked politician!

Are there any other kind?

I could swear that fire is talking.

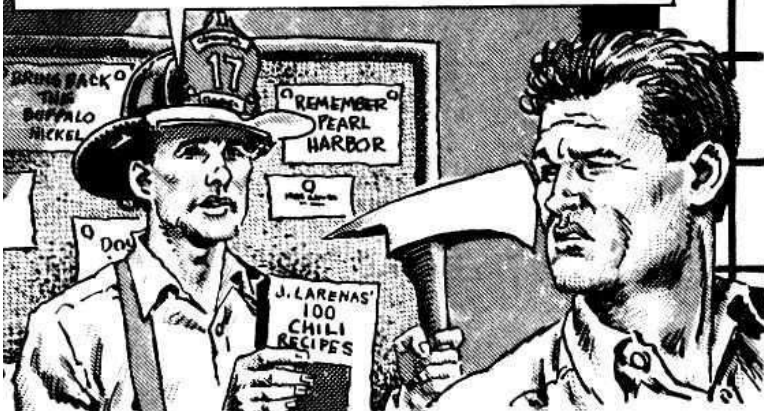

It's probably practicing its Oscar acceptance speech as the best actor in a summer action thriller.

Stave, I've been assigned to your company.

Brewin, I don't think you have what it takes to be a fireman.

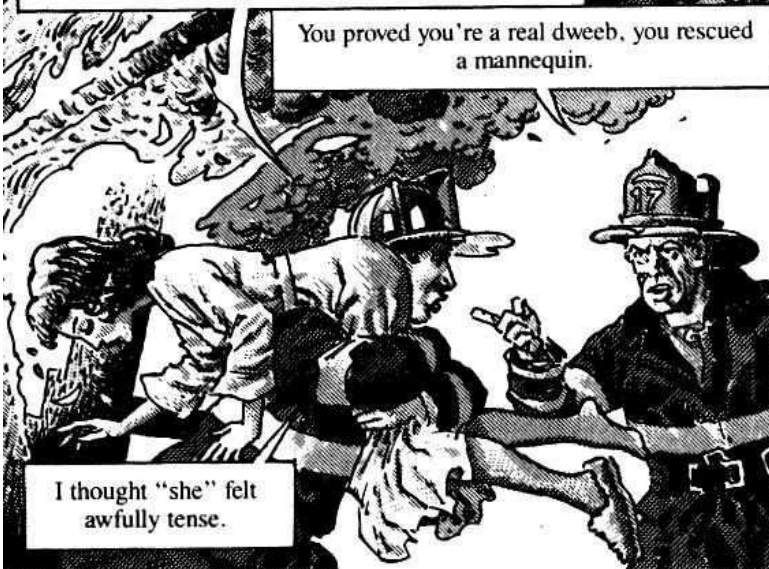

Oh, yeah, big brother, what's the big deal? I've got a helmet, red suspenders, boots, a fire axe, and a book of chili recipes.

Relax, lady, I'll save you.

I did it! I rescued somebody! I proved myself!

You proved you're a real dweeb, you rescued a mannequin.

I thought "she" felt awfully tense.

Was this arson, Inspector?

You'll find out when you read my report.

I hope I live that long. The last report I got from you was about Mrs. O'Leary's cow starting the big Chicago fire.

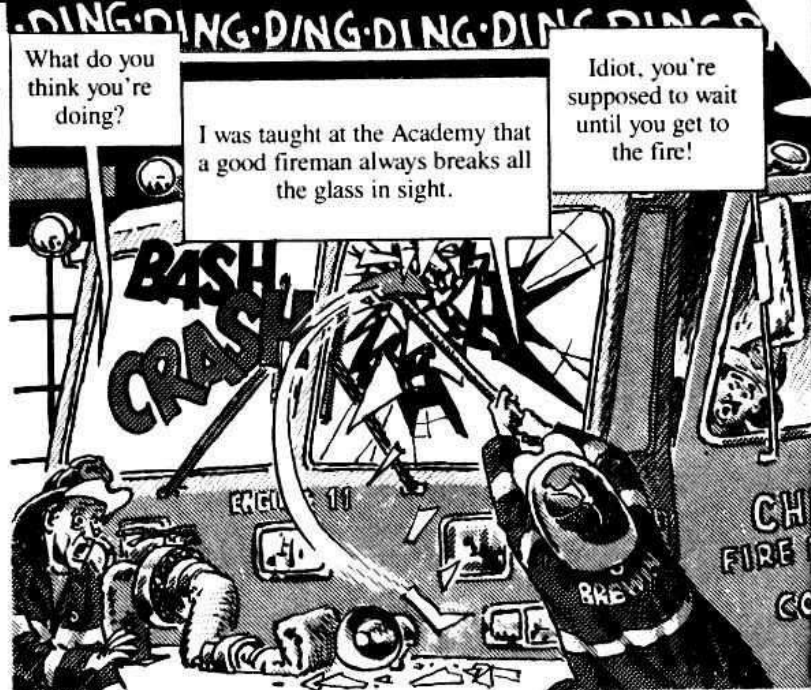

That's how we do things in the civil service.

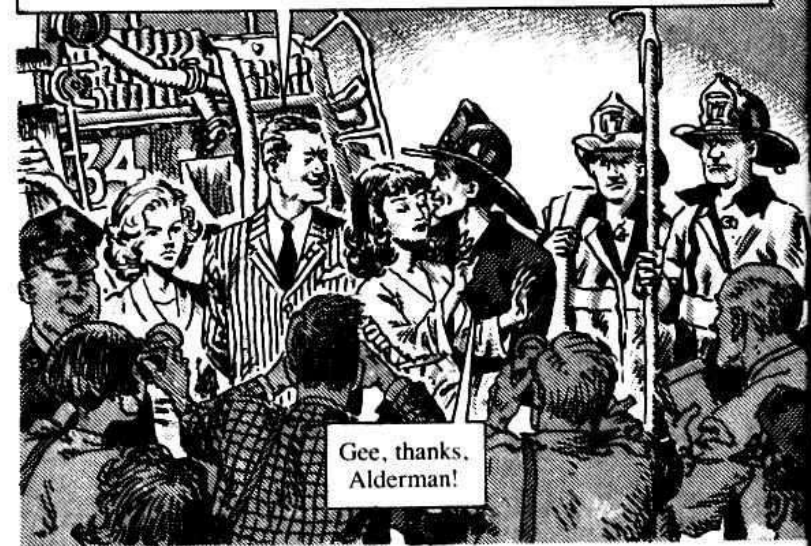

What do you think you're doing?

I was taught at the Academy that a good fireman always breaks all the glass in sight.

Idiot, you're supposed to wait until you get to the fire!

Brewin, I'm offering you a job as Assistant Fire Inspector. Anybody who risks his life to save a mannequin is the kind of guy I want investigating arson.

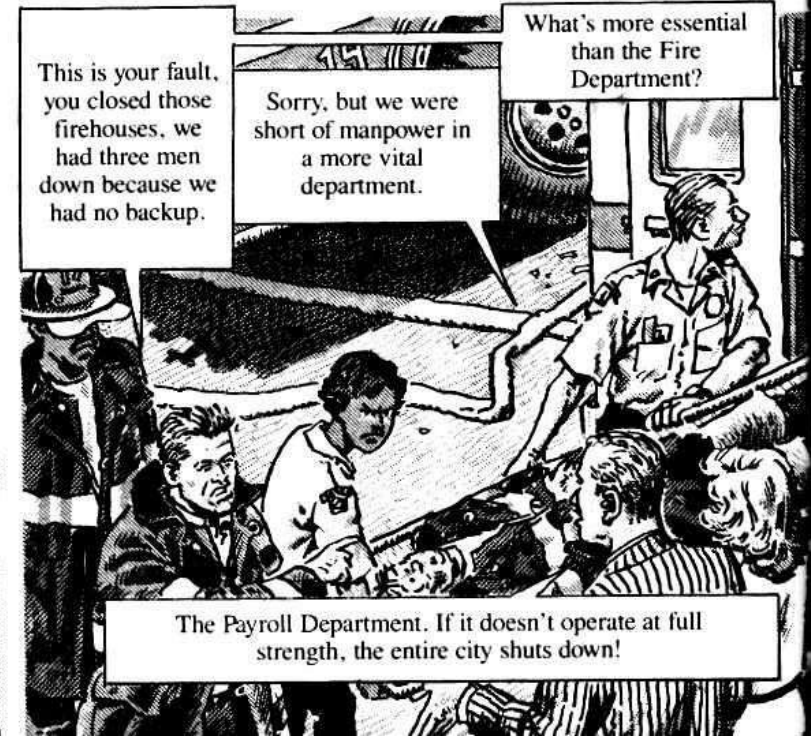

Gee, thanks, Alderman!

This is your fault, you closed those firehouses, we had three men down because we had no backup.

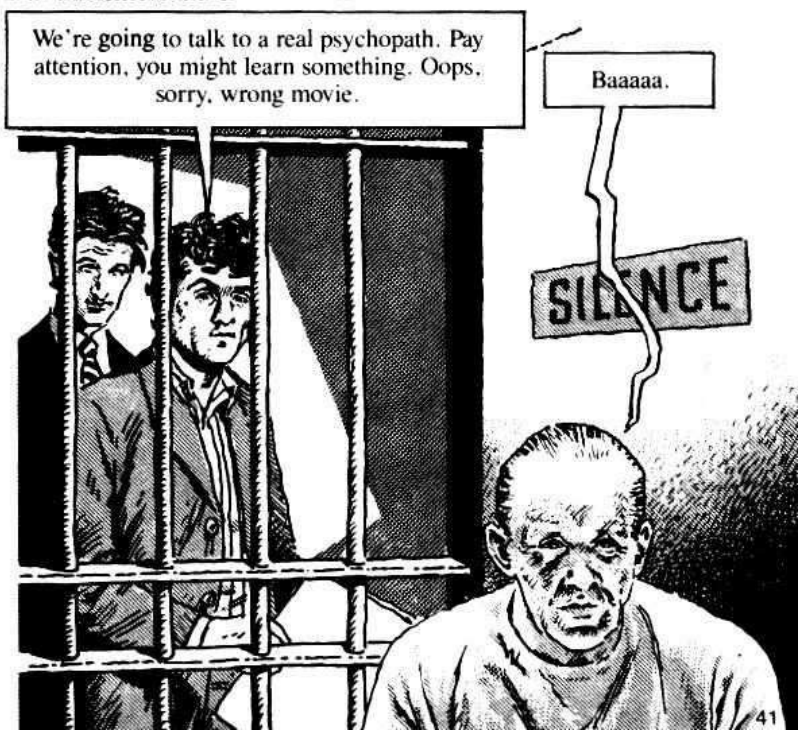

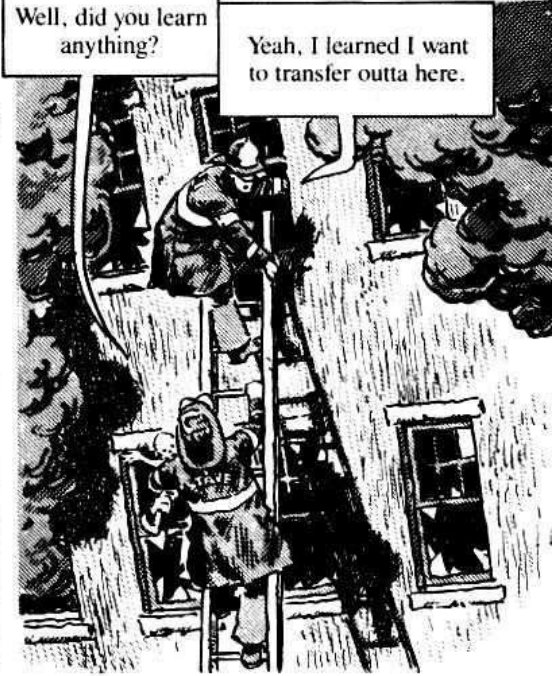

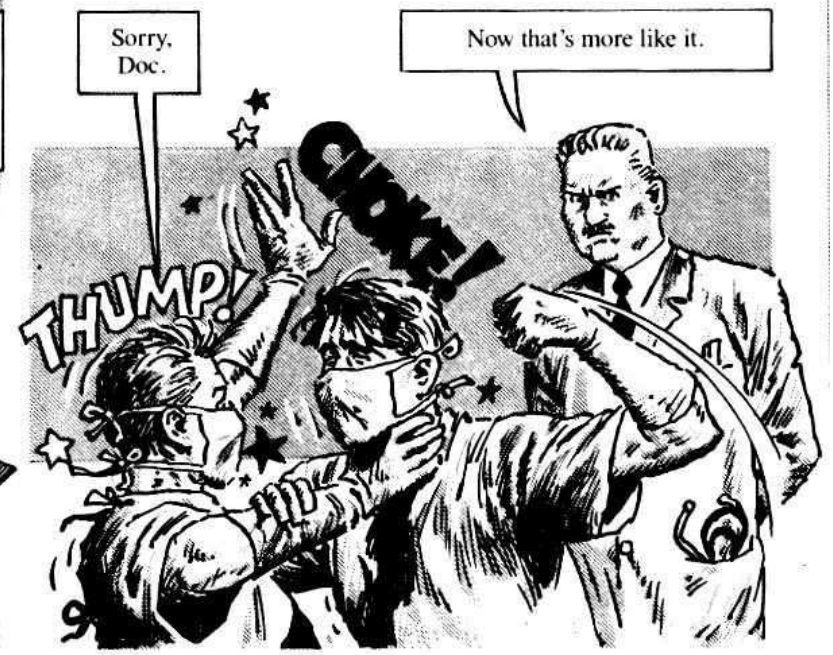

Sorry, but we were short of manpower in a more vital department.

What's more essential than the Fire Department?

The Payroll Department. If it doesn't operate at full strength, the entire city shuts down!

I knew your father. In fact,  
I set the fire that killed  
him. Nice meeting you.

What are you doing here?

If you're returned to  
society, will you  
behave yourself?

Of course, the first thing I'd do is burn all the  
children, then the old people, then I'll set fire to  
the whole world.

As head psychiatrist, I feel it's obvious that  
Mr. MacDonald is ready to return to society  
as a productive and useful citizen.

MacDonald is up for parole today. We're here to  
testify as character witnesses.

Sorry, MacDonald,  
maybe next year.

Hmm, he was killed when he opened the door. It was  
sealed shut to confine the blaze. When he opened...  
whoosh!... the beast escaped.

Then it was arson!

Let's not rush things.

But three people have  
been killed!

Let's see what's in  
here...  
YAAHHH!!

We've got a maniac on our hands;  
he's got to be stopped now!

I thought you  
didn't want to  
rush things.

Why should I help you? Did you bring me  
something? A book of matches, a lighter?

How about two sticks to rub together...?

I'll give you a hint. The arsonist drives  
around in a truck with a bell.

The Good Humor man is the arsonist...?

That was before he zapped me. Go see our  
favorite pyromaniac, MacDonald, he'll solve  
this baby for you.

He drives a red  
truck.

A Russian Good Humor man?

Let's try charades. First letter... ffff

F... Farmer? Furrier? Faith healer?

Nooo! Why am I here?

For overacting?

No, for setting fires, man... get it?

Fires... man, fireman! The arsonist is a fireman!

Stave, I thought you were the arsonist. I checked the lockers and found chemicals in Ask's locker. He's the one!

Put down your axe, Ask. I wanna axe you a question. Okay?

Okay, I did it! I got the men responsible for closing the firehouses. They killed firemen for profit.

But you killed firemen, too!

Yeah, but I didn't make a nickel on it.

YARRRRRRHHH!!

Stave, let me go!

No!

Well, at least turn me over, this side is well done.

HALLLP!!

Ooof!

**SPLAT!**

Gee, if I had thought of using the hose five minutes ago, they might still be alive.

BREWSTER

Ooof!

**SPLAT!**

Gee, if I had thought of using the hose five minutes ago, they might still be alive.

BREWSTER

Jam, thanks for giving us Swayback's secret files. They proved he closed the firehouses so he could make money.

I was only doing my duty. Unfortunately, I was canned. But Swayback was severely punished. They threw the book at him.

Come, let's get moving.

Relax. I know you're nervous, rookie. I was the same at my first fire.

Above the truck, there are sound effects: 'DING-DING-DING' and 'DING-DING-DING' in a banner, 'RRRRRRRR' and 'ROOON' for the siren, and 'HONK! HONK!' at the bottom. A speech bubble from the man in the foreground says, 'I'm trying to tell you, the fire is back there! IT'S THE FIREHOUSE.....!'. The man is in the foreground, wearing a suit and smoking a pipe. In the bottom right corner, there is a small box with the text 'TH'END' and a flame icon.

### WE KNOCK OFF ROBIN HOOD

I'd love to shake the drawing hand of John Severin. His Robin Hood cover for issue #265 is a throwback to the fine **story book illustrators** of my childhood. I'm ninety-one and just had cataracts removed. All the more the pleasure.

Ava Battaglia  
Rumson, N.J.

Crafty guy, that Sev! How many readers noticed that he stuck a 25¢ sticker on the end of Sylvester's quarterstaff? **Quarter**...staff. Get it?

Knox Frisch  
Longview, Texas

**Editor: And he informs us that the plural of quarterstaff is quarterstaves.**

### NINJA OOZE

My husband and I are delighted with the quality of continuity you are affording the young and eager readers. *Ninja Turtles II* is an instance that indicates much preliminary planning by Vic Bianco and John Severin. You should see the expression on the face of our son, Keith, brightening from panel to panel. Actually, I wish you'd publish *Cracked* **twelve** times a year, but I realize that your artists and writers have families, too.

Mrs. Raymond Mooney  
Bethel Park, Pa.

How many times does John Severin have to see a *Ninja Turtles* movie?

Ralph Dunne  
Pelham, N.Y.

**Editors: We tell him about it.**

### CORNERED...NKOTB

I love your NKOTB barbs. Far as I'm concerned, Pee-Wee Herman sings better than those dweebs!

Jerry Schick  
Harrisonville, Md.

The New Kids On The Block will be gone even before Vanilla Ice melts.

Mike Costello  
Glenview, Ill.

Denise Caporale says NKOTB send out "strong and meaningful messages". Maybe they should send her a **wake-up call**, instead!

Timothy Ryan  
Woonsocket, R.I.

I feel that if *Cracked* was to write about **real** bands, such as Motley Crue, Metallica, AC/DC etc., those groups would hardly see it as taking cheap shots, but as good clean fun and good publicity! I personally hope *Cracked* continues its excellent work and entertainment.

Tracy Jones  
Walla Walla, Wa.

The New Kids **are** rude, nasty, and totally unacceptable. For God and Country, keep up the good work. Your mag preserves some of our freedom. I doubt that Denise has heard of the **First Amendment**.

Rachel Young  
Houston, Texas

**Editor: What does the Right to Bear Arms have to do with this? Geez.**

### TIME STUDY

I blew a part of my allowance on *Cracked* #265, just a week ago. How long is it between issues?

Joe Earley  
Denver, Co.

**Editor: How long is it between allowances?**

### DON MARTIN'S SANDY SAGA

Don Martin is a very talented artist. And a dehydrated cheerleader on a Great American Desert, **another** far out Martin match-up!

Cody Tilson  
Westchester, Ill.

Gimmee an M, Gimmee an A, Gimmee an R, Gimmee a T, Gimmee an I, Gimmee an N! Don Martin never runs dry!

Ira Kesselman  
Boothbay Harbor, Me.

## STORMIN' NORMAN'S TUNE

The General's song, by Ronnie Nathan and Rurik Tyler, came out just in time for the last day of school, before summer vacation. Our music teacher permitted us to sing it at assembly. It was a rousing hit! Some pupils asked our group where we found the song. Bet they'll be singing it in camps and on the beach.

Liza Migdoll  
Corona del Mar, Ca.

Have you heard from the General Schwarzhisname? Bet he was tickled?

Steven Robbins  
Wilmington, Del.

I really enjoyed Stormin' Norman in #265. Please write a letter back telling me what issue my letter will be in.

B.G. Bennett  
Sumerduck, Va.

**Editors: Your letter will appear in this issue.**

## OREHEK AT LARGE

I'm glad to see you have a steady department for Don Orehek, every issue. Both his Field Day At The Zoo and his Bowling articles are very nicely arranged and his people are interesting. And they say stupid things, like **real** people.

Laura Siegel  
Oberlin, Ohio

## NO SOONER DONE THAN SAID

Would you do a parody on the X-MEN, they are very popular comic book characters!? I have included some X-MEN cards in my letter to show what I mean.

Dan Demchuk  
Virginia Beach, Va.

**Editors: Artist/writer Rurik Tyler has finished a biff-bam-boom comic section, based on the X-MEN phenomenon. It's in Super Cracked #5, on sale all summer.**

## RICIG HOOD

The debate may rage on as to whose Robin Hood is the best, Errol Flynn's or Kevin Costner's. I'll take **Mike Ricigliano's** New And Sometimes Improved

Robin Hood 'cause I'm keeping it in my shirts drawer and handing it down to the next generation.

Nolan Redlich  
Port Huron, Mich.

Off his incredible performance with Robin Hood, I'd like to see Ricigliano do a theme about **knights**. He's a good man around a castle, all right!

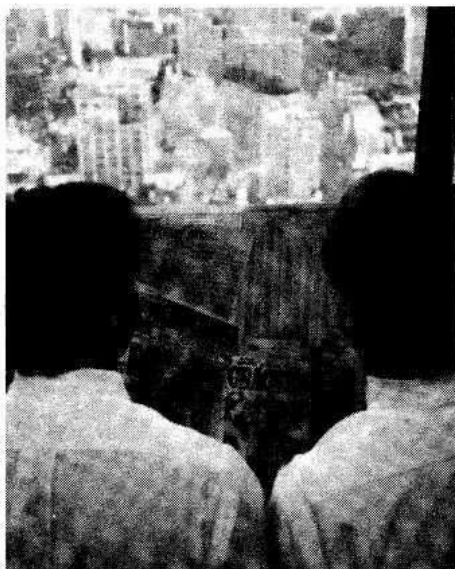

Lawrence Stein  
Princeton, N.J.

## THANKS A MOTT!

It's amazing how your newer artists have all become distinctive personalities...!

Mona Goldschmidt  
Washington, D.C.

**Editors: Well, under the direction of Art Director Cliff Mott, who also visualizes many of our covers, amazing things happen every day! In the hip jargon...that tailor man can sew!**

## UP THE WALL!

As semi-productive working members of society on Wall Street, we find it hard to get our daily dosage of your fine publication. Because we spend most of our waking hours at work, we've had to devise devious ways to sneak peeks at our favorite periodical. For instance, by binding CRACKED to seemingly respectable leather covers of gutted dictionaries, stock price journals, etc., we can browse through CRACKED at our desks, even under the watchful eyes of our taskmasters!

Christopher V.  
Jimmy C.

## BEYOND COMPARE?

I read your "Super Heavies" and "If I Won The Lottery" and all the other articles in issue #264. I think this one Cracked issue is better than every single issue of Sports Illustrated for Kids.

Mike O'Malley  
Park Ridge, Il.

**Editors: Yeah, but to be fair, they do have better ads for sporting goods!**

## SHUT-UP CONTESTANT UPRISING

How do you expect your readers to participate in a contest when you withhold the address the entry slips are to be mailed to?

Ken Lowenthal  
Scottsdale, Ariz.

**Editor: Congratulations, Ken. You were the only eagle-eyed CRACKED reader who noticed our omission. As your reward, we'll give you a lifetime subscription to our magazine, provided that you call us within the next ten minutes at (712) 511-4949 extension #354.**

## THESE ARE OUR "SHUT-UP CONTEST" WINNERS FROM AROUND THE NATION...

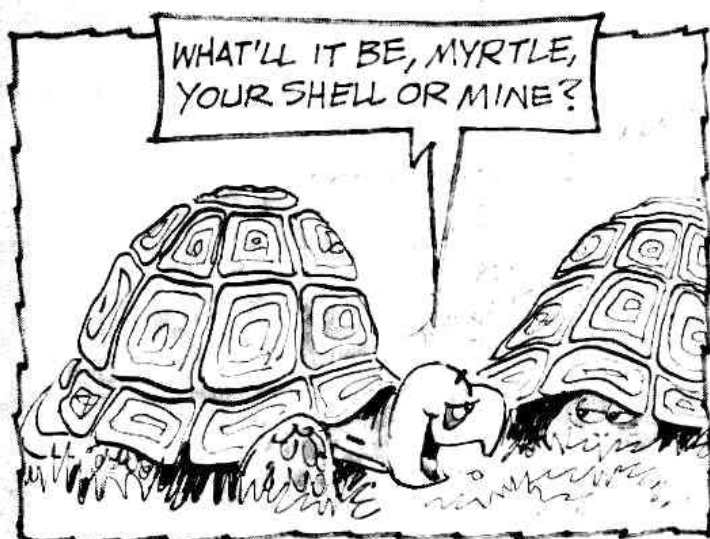

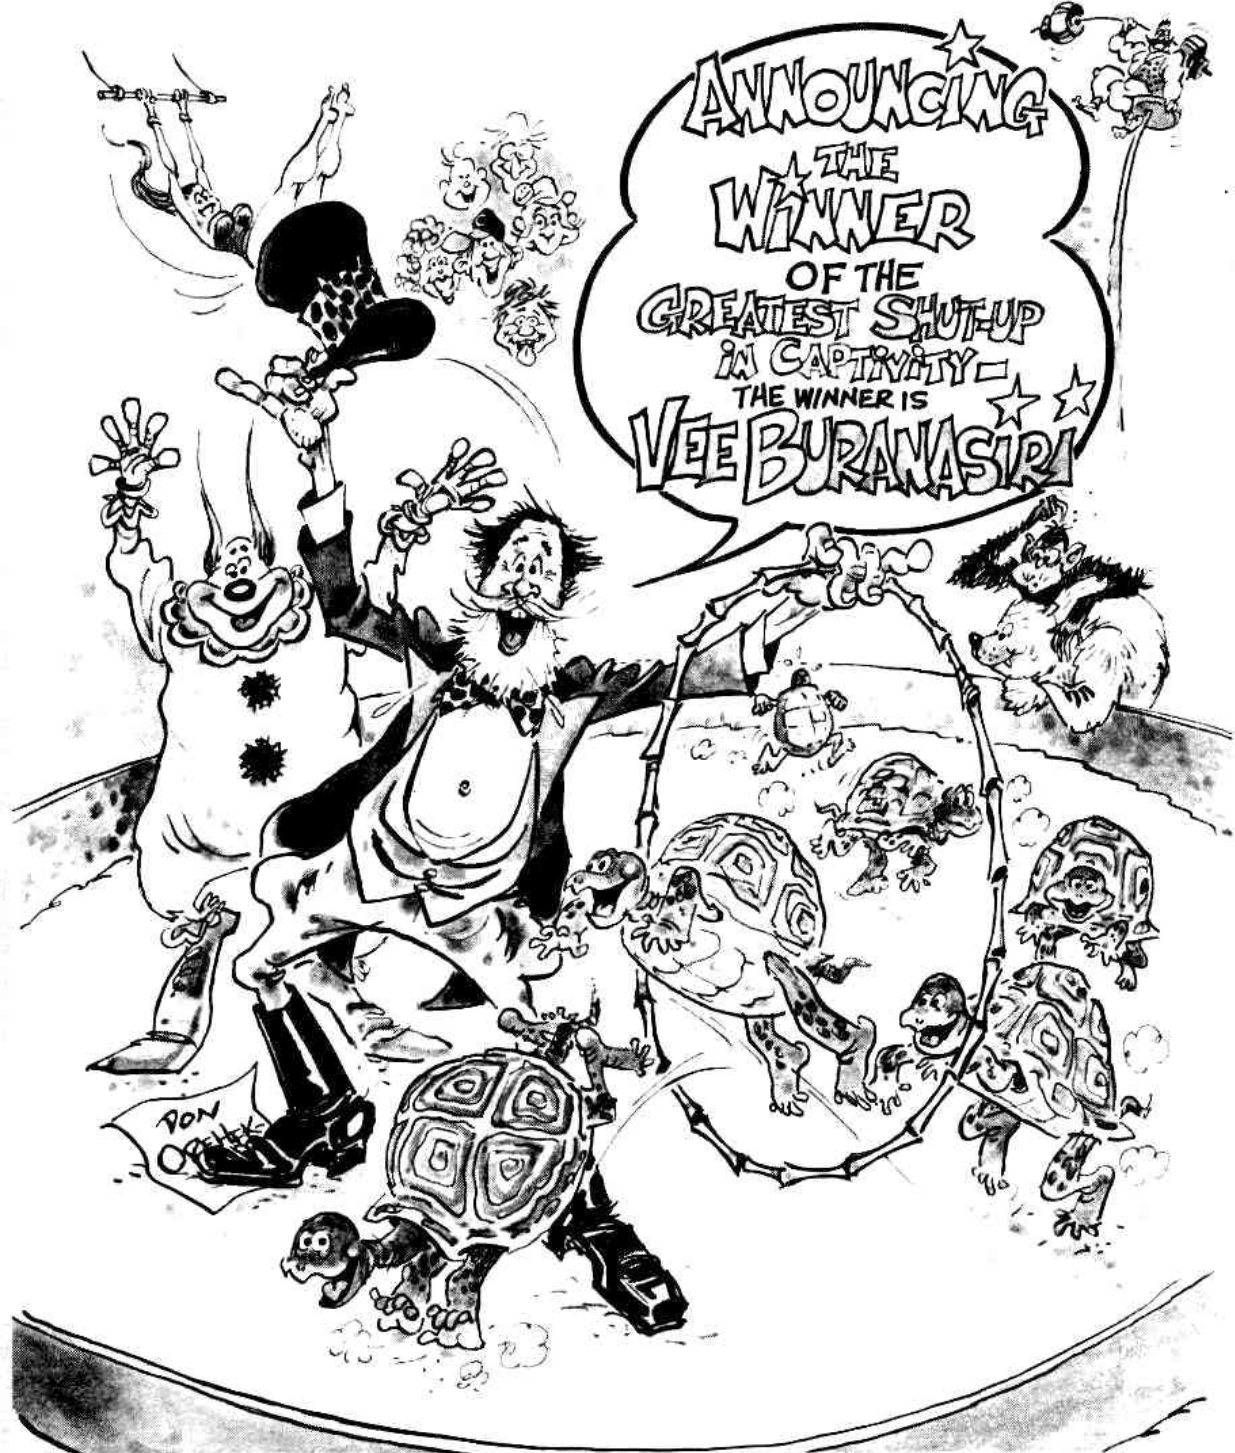

EDWARD BRONSTAD, Austin, Texas

STEPHEN PAUL McVAY, Shreveport, La.
